

# LTI Instructor Help Guide: SAGE

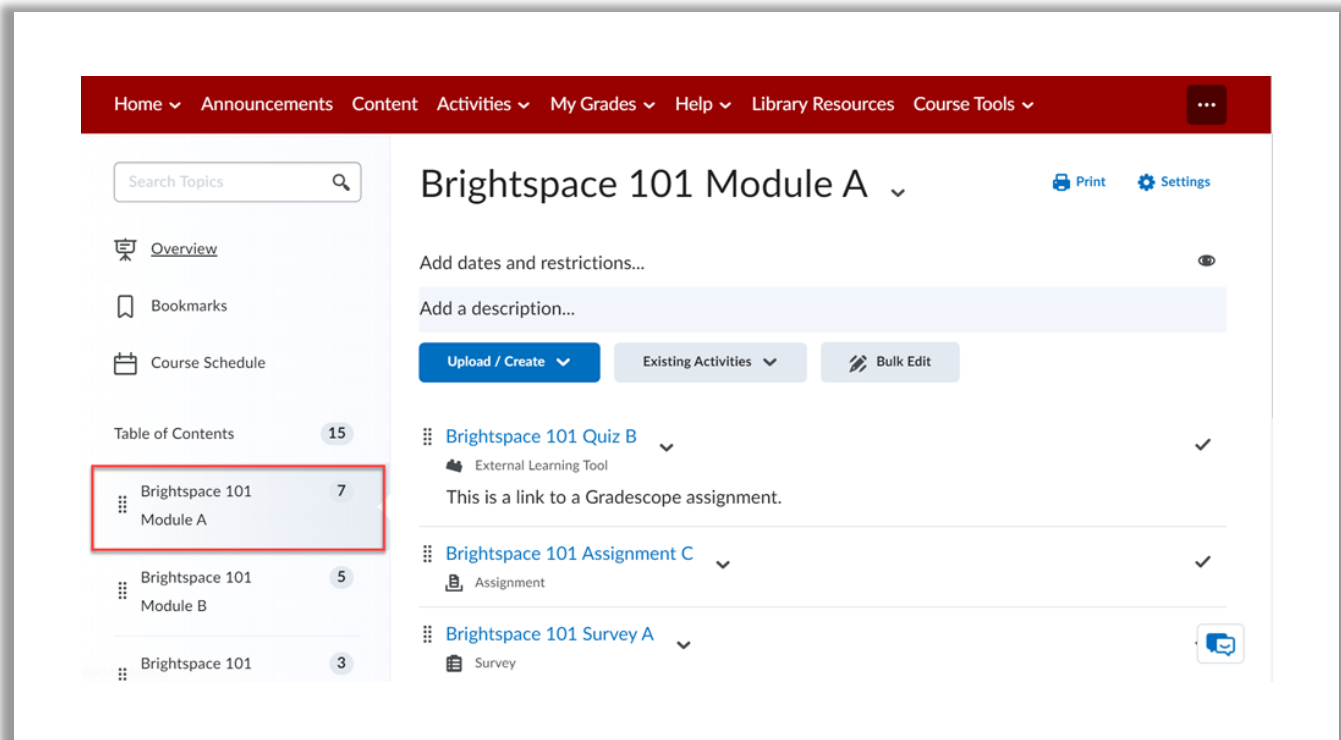

## Setting Up SAGE Integration

SAGE provides access to SAGE publisher content. To add SAGE to a Module:

1. Select the course in which you'd like to activate SAGE. On that course homepage, click on 'Content.'

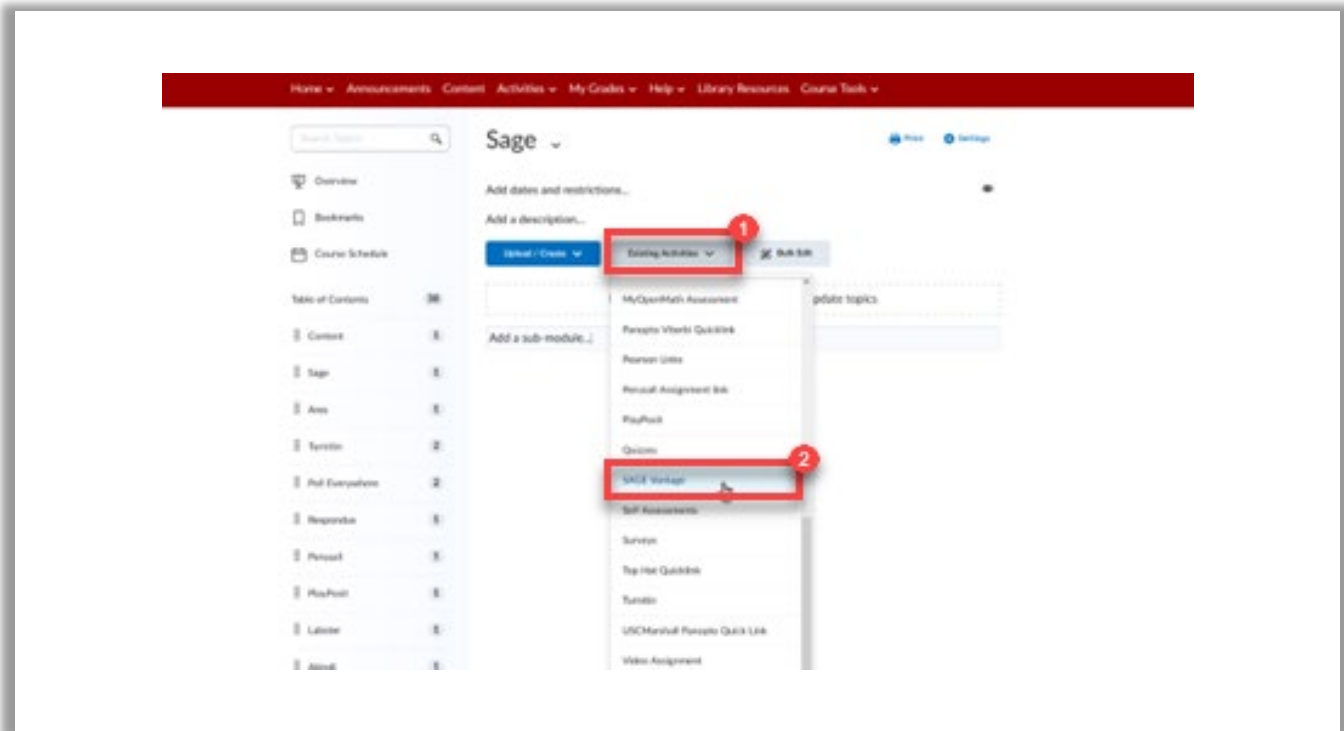

2. Once on the content page, select the module in the left column you want to add SAGE.

3. Click on 'Existing Activities,' then in the drop-down, select 'SAGE Vantage.'

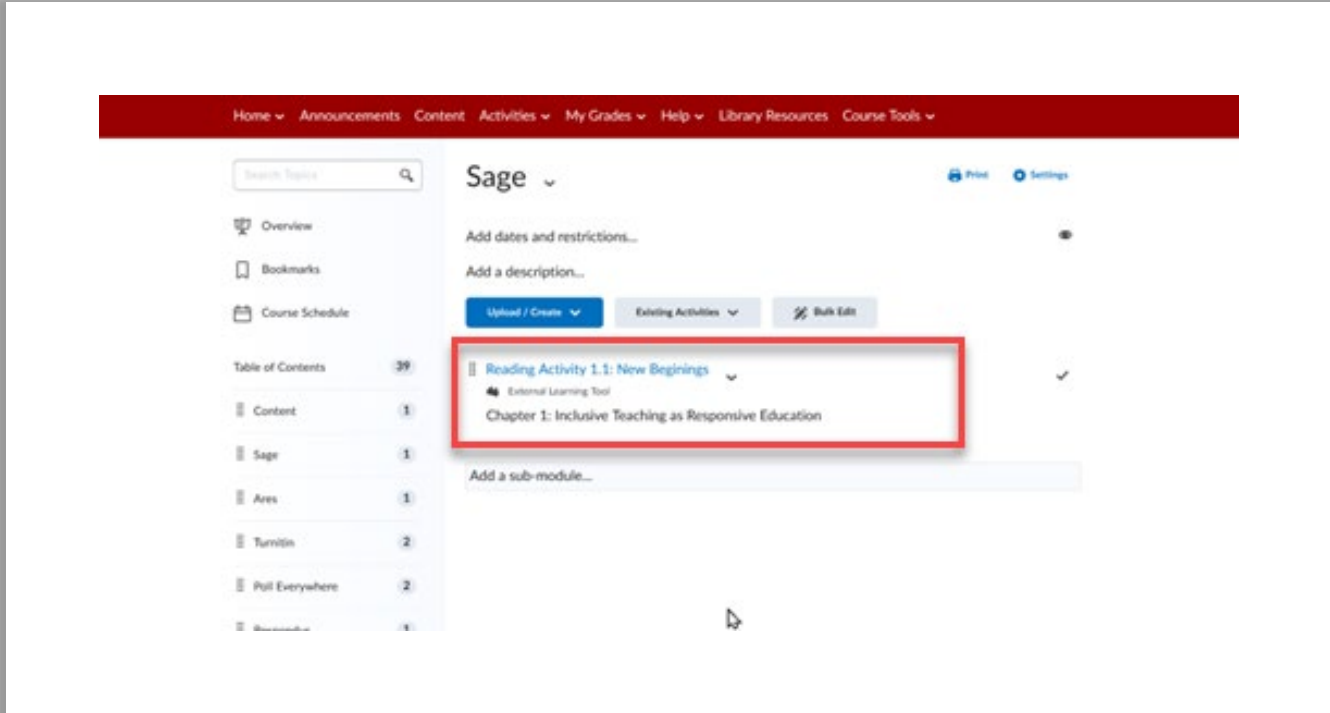

4. On the **Add Activity** pop-up screen, select the content desired for the module from the drop-downs, then click 'Continue.'

5. SAGE is now added to the module. Repeat this process as needed to add SAGE to additional modules.

The screenshot displays the Brightspace LTI Instructor interface. At the top, a dark red navigation bar contains links for Home, Announcements, Content, Activities, My Grades, Help, Library Resources, and Course Tools. Below this is a search bar and a sidebar with navigation options: Overview, Bookmarks, Course Schedule, Table of Contents (39), Content (1), Sage (1), Ares (1), Turnitin (2), and Poll Everywhere (2). The main content area is titled "Sage" and includes options for "Add dates and restrictions...", "Add a description...", "Upload / Create", "Existing Activities", and "Bulk Edit". A red box highlights a newly added activity: "Reading Activity 1.1: New Beginnings", which is an "External Learning Tool" with the title "Chapter 1: Inclusive Teaching as Responsive Education". Below the activity list is a field to "Add a sub-module...".
