

## Congratulations to The Graduating Class!

Hi Everyone! Congratulations to all the fourth years on finishing medical school and graduation this past weekend! We are all looking forward to seeing the amazing impact y'all will make as physicians. Hopefully we will see some of you on rotations soon and best of luck in your future endeavors!

-Sarah Adams

## Roe v. Wade and its implications beyond abortion rights

In this recent [NPR Article](#), they state that "Justice Samuel Alito takes pains to say that the legal logic at the heart of the conservatives' decision to overturn Roe v. Wade would not apply to other cases." GLAAD CEO and President [Sarah Kate Ellis writes](#), "The attack on Roe v Wade... is not just an assault on abortion rights – it's an assault on all Americans, especially those of us in marginalized communities." Visit the [ACLU](#) to learn more about reproductive rights.

## Gender Affirming Surgery Lunch Talk

[Click here for zoom link.](#)

Please join MedLambda in welcoming Plastic Surgeon Dr. Roberto Travieso, the Surgical Director of Keck Medicine's Gender-Affirming Care Program, an expert in complex gender affirmation surgery, and member of the LGBTQ+ community. He will be giving a lunch talk about his incredible work. As the MS1s dive into the reproduction unit, come to learn more about queer and trans healthcare! Lunch will be provided!

## Queer Media for 2022

Cutated by [Out.com](#).

Feel like you are watching the same movies and TV over and over again? Check out [this list](#) of most anticipated Queer Movies of 2022 by Out.com. Whether you are procrastinating studying or taking a relaxing night off from rotations, there is sure to be something for everyone on this list.

"If I wait for someone else to validate my existence, it will mean that I'm shortchanging myself."

-- Zanele Muholi, South African activist and artist
