JOB ACCOUNTABILITIES

	% Time	Essential	Marginal	N/A
Manages the engineering staff responsible for delivering secure and scalable Identity and Access Management (IAM) solutions. Manages and monitors the effectiveness of global service vendors.				
Oversees engineering resources in support of day-to-day operational activities and IAM service adoption. Responsible for building new IAM solutions and improving current capabilities and infrastructure.				
Establishes and oversees IAM engineering standards and processes (e.g., design, integration, testing). Responsible for initiating, planning and implementing security projects and for balancing resource commitments (e.g., operational and project obligations).				
Serves as an IAM subject matter expert. Interacts with other university leaders to implement, advise, plan, build, test, and launch improvements of IAM operational maturity, services, and solutions. Partners with relevant stakeholders to ensure shared objectives are achieved.				
Promotes an environment that fosters inclusive relationships and creates unbiased opportunities for contributions through ideas, words, and actions that uphold principles of the USC Code of Ethics.				

Other Requirements

Essential:	Emergency Response/Recovery	Essential:	Mandated Reporter
	In the event of an emergency, the employee holding this position is required to "report to duty" in accordance with the university's Emergency Operations Plan and/or the employee's department's emergency response and/or recovery plans. Familiarity with those plans and regular training to implement those plans is required. During or immediately following an emergency, the employee will be notified to assist in the emergency response efforts, and mobilize other staff members if needed.		A mandated reporter who in his or her professional capacity has knowledge of, or reasonably suspects a person who is under the age of 18 years, elderly, or a dependent adult has been the victim of abuse or neglect must report the suspected incident. The reporter must contact a designated agency immediately or as soon as practically possible by telephone or in writing within 36 hours. By virtue of the associated job duties, this position qualifies as a mandated reporter as required by state law and USC's policy at: https://policy.usc.edu/mandated-reporters/

Campus Security Authority (CSA)

By virtue of the associated job duties, this position qualifies as a Campus Security Authority as required by law and USC's policy at: <https://dps.usc.edu/alerts/clery/>

Essential:

ACKNOWLEDGMENTS

The above statements reflect the essential and non-essential functions as necessary to describe the principle contents of the job. They are not intended to be a complete statement of all work requirements or duties that may be required of the position. I understand that I may be asked to perform other duties as assigned. USC reserves the right to add or change duties at any time.

The University of Southern California is an Equal Opportunity Employer. USC prohibits discrimination on any basis protected under federal, state, or local law, regulation, or ordinance or university policies. All employment decisions are based on individual qualifications and business need.

I acknowledge receipt of this job description and its associated physical requirements. I have read and understand the job description and job requirements and agree to abide by their contents. I realize that duties may be requested of me that are not specifically stated herein. I understand that I will be expected to adjust to potential fluctuations in work volume. I understand that, if I have any questions about the essential functions or expectations of my position, my supervisor and/or HR partner are available to discuss them with me.
