Develops and manages a proactive, risk-based audit function, and oversees external resources. Establishes and maintains internal control practices, quality assurance reviews, and programs associated with internal reviews that ensure satisfactory administration of the university’s credit, fiscal, loan and administrative operations.				
Independently assesses risks and evaluates controls and compliance with established policies, procedures and regulations, making recommendations for improvement. Manages the process of identifying and evaluating risk, and assessing the adequacy, effectiveness and compliance of internal controls established to contain risks.				
Develops and implements a comprehensive, long-range, strategic audit plan to assess the internal control environment and accomplish objectives agreed upon by an audit committee and the CFO. Implements plans to conform to regulatory requirements across all of the university’s operations, and monitors management’s achievement of committed action plans from prior audits to ensure complete follow- throughs and closure of identified risks.				
Regularly interacts with senior executives across the university, influencing leaders regarding matters of significance to the organization. Provides executive management with reports on audit scope, findings, root causes, and influence acceptance of action plans to prevent/minimize future control risks. Communicates exceptions and control weaknesses, recommends corrections and monitors compliance thereafter.				
Evaluates accounting practices, financial reporting and internal controls, and the reliability and integrity of financial and operational information. Measures compliance with policies and assesses the efficient use of resources. Analyzes the quality and effectiveness of internal operating policies and administrative operational procedures.				
Ascertain extent of protections and safeguarding of the university’s assets and recommended methods for improvement. Identifies potential for and/or instances of irregularities (e.g. fraud, abuse), or errors. Reports suspected instances of policy violations in conjunction with other compliance executives.				
Monitors and assesses risks/controls as they relate to the university’s business objectives. Assessments may be based on an integrated university control framework to ensure the effectiveness and efficiency of operations, reliability of financial reporting, and compliance with laws and regulations, and the safeguarding of the university’s assets.				
Examines, formalizes and distributes key audit and compliance processes in all areas of the enterprise, leading to the adoption of best practices to minimize risk. Applies forward-thinking and creativity to help set compliance strategy, driving risk/control awareness and self-assessment throughout the university. Represents
