## Other Job Factors

## JOB ACCOUNTABILITIES

	% Time	Essential	Marginal	N/A
Serves as biological safety expert and point of contact for biological safety related matters, communicating biosafety and biosecurity practices to faculty and staff. Acts as the Alternate Responsible Official for the Federal Select Agent Program. Assesses existing program(s) for adequacy and regulatory compliance and recommends enhancements or modifications, as required. Maintains current knowledge of existing and pending legislation relating to safety and health, as well as thorough understanding of biosafety risk groups, levels, practices and safety equipment.				
Owns decontamination and decommission of laboratories and equipment used for biological agents, as well as the shipping, receipt, storage and removal of infectious agents and toxins used in biological research. Owns biosafety laboratory inspections, equipment validation, and documentation of deficiencies and/or violations. Conducts field audits for compliance to program regulations. Prepares reports as required.				
Supports team response to emergency calls or events, e.g., biological spills, and ensures that proper safety methods and procedures are being followed in coordination with facilities management. Assists in response to indoor air quality complaints likely to be of biological origin, e.g., mold, by assessing the source and making recommendations for corrective actions, coordinating with occupational health and facilities management.				
Maintains administrative paperwork as well as department records, including records related to institutional biosafety committee approvals for usage of biohazards materials, biohazardous materials holdings around the university, and information related to USC Select Agent holdings and legal filings in reference to regulatory compliance with the US Patriot Act.				
Leads preparation, execution and promotion of training sessions regarding university, state, and local biosafety policies and programs. Serves as a member of the campus-wide program safety committee, as well as the hazmat response team. Liaises with regulatory agencies and professional organizations.				

## Other Requirements

Essential:	Emergency Response/Recovery	Essential:	Mandated Reporter
	In the event of an emergency, the employee holding this position is required to "report to duty" in accordance with the university's Emergency Operations Plan and/or the employee's department's emergency response and/or recovery plans. Familiarity with those plans and regular training to implement those plans is required. During or immediately following an emergency, the employee will be		A mandated reporter who in his or her professional capacity has knowledge of, or reasonably suspects a person who is under the age of 18 years, elderly, or a dependent adult has been the victim of abuse or neglect must report the suspected incident. The reporter must contact a designated agency immediately or as soon as practically possible by telephone or in writing within 36 hours. By virtue of the associated job duties, this position qualifies
